Let me chat with the Stantec GIS person to see if that's easy to provide. Not sure what they have, but I'm guessing this shouldn't be too difficult. I'll get back to you asap. Have a good night Steve

Hello Andrew,

I'd like to request the GIS / Shape file data for the images that you provided. It would be the most cost-effective means for EPA to use the information and create images. Please let me know if that is possible.

Thank you,
Steve

Hi Karl,

I've attached two handouts for our conference call today. We will discuss the contents during today's update call. Talk to you soon
